

RINK BOOKINGS

Please number your entry on the chosen date, leaving a line between each entry.

Your booking should include:

Date

Time

Your name(s)

Type of match - e.g. Club competition, Surrey competition etc.

Rink choice - where applicable (*you may only select a rink for Surreys & Nationals*)

N.B. Members cannot book rinks for roll ups, but are welcome to use any free rinks on the day.

Could all members who are booking a rink please check first that rink allocations have not already been done for that day? You can tell if an allocation has already taken place, because the rink number will be circled and ticked after the entry in the book and a line will be drawn under those matches already allocated.

If it has already been done, please contact Linda Gallagher (see fixture book for tel. no.) to let her know you have made an additional entry. She will then make sure you are allocated a rink.

Normally, selection for the following week takes place on a Friday afternoon, but during the very busy weeks of mid-May to the end of June, the board is updated more frequently in order to give members a better idea of which rinks are already booked or are available.
